N.A.1 - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

N.A.2 - The three-year annualized standard deviation measures the variability of the composite, and the benchmark returns over the preceding 36-month period.

The three-year annualized standard deviation is not presented due to less than 36 months of composite and benchmark data.

*Performance represents partial period from August 31, 2019, through December 31, 2019.

The S&P 500 Index is the most widely accepted barometer of the Large-Cap U.S. equities market. The index includes 500 leading companies and covers approximately 80% of available market capitalization. The returns for the index do not include any transaction costs, management fees or other costs. An investor may not invest directly in the index. Standard & Poor's and S&P are registered trademarks of Standard & Poor's Financial Services LLC ("S&P").

EULAV Asset Management ("EAM") claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. EAM has been independently verified for the periods January 1, 2013, thru December 31, 2024. The verification report(s) is/are available upon request.

A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

EAM is a SEC-registered investment adviser. A list of composite descriptions and a list of broad distribution pooled funds are available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of investment advisory fees and include the reinvestment of all income. Net-of-fees returns are calculated by deducting a model management fee 1/12th of the highest tier of the management fee schedule of 0.40% from the monthly gross composite return but does not reflect other account fees such as custodian fees, platform fees or other management fees not charged by or known to EAM. The portfolios in this composite utilize a broker that does not charge transaction costs. The annual composite dispersion presented is an asset-weighted standard deviation calculated for the accounts in the composite the entire year. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request.

The investment advisory fee for the composite is 0.40% of assets. Total actual fees incurred by clients may vary because other account fees.
