### About Value Line Timeliness™ and Safety™ Ranking Systems

The Value Line Timeliness™ Rank measures predicted relative price performance of a broad universe of stocks during the next six to 12 months on an easy-to-understand scale from 1 (Highest) to 5 (Lowest). Components of the Timeliness™ Rank include historical stock-price performance, financial results, and earnings surprises. The Value Line Safety™ Rank measures the total risk of a stock relative to a broad universe of other stocks. It takes into account a stock's Price Stability rank and the Financial Strength rating of a company.

### Investment Approach

All Value Line Ranked stocks that have significant revenues generated from activities outside of the U.S. are eligible for inclusion in the Value Line Timeliness™ Global Revenue SMA. Holdings are selected and weighted using a multi-factor risk model and optimizer software to achieve a balance between high scores on Timeliness and portfolio risk taken relative to the S&P 500 Index.
